

Overview of Ambient Air Toxics Web Site Development

Presented

May 13-14, 2003

Overview

- Goal - Develop Web Site and Supporting Database for Query and Presentation of Ambient Air Toxics Data
- Contractor - Cooperative Institute for Research in the Atmosphere (CIRA)
 - Developed VIEWS
- EPA Lead – Doug Solomon (OAQPS – Air Quality Trends Analysis Group)
- Time Period – May 2003 through April 2004
- Funding - \$60,000

Main Tasks

- Develop Web Site to Display Data from Air Toxics Archive (Historical Data - through 2000)
- Develop Routines to **Extract** Air Toxics Data from AQS (Current Data – 2001 and beyond)
- Enhance Air Toxics Web Site to Integrate Data from AQS
- Maintain Air Toxics Web Site and Supporting Data Base

Schedule

- First Release of Web Site containing Archive Data: ~September 2003
- Second Release of Web Site adding Extraction and Presentation of Data from AQS: December 2003
- Development and Maintenance of Web Site and Database Infrastructure: Ongoing (Funded through April 2004)
